### The Bulletin:

The Bruce County Genealogical Society publishes a quarterly newsletter called the "Bruce Bulletin". It serves as a welcoming and much-anticipated connection point for our members and friends. Released each February, May, August, and November in digital format (print available, see fees above), it shares local history highlights, upcoming BCGS event, whether in-person or via webinar format. It offers genealogical research tips and society news. The bulletin also shares the wonderful discoveries made by our members along their family history journeys.

**Thank you for your support.**
